

COMMUNITY ASSET MAPPING PLAN

This worksheet is designed to help you make a plan for mapping (identifying) the assets (supportive resources) in your community. The most important part of this process will be consulting members to make sure they are involved in the process. For more information about community asset-mapping, please check out the following resource: <http://www.heartwood.ns.ca/tools/CommunityAssetMapping.pdf>

What kind of information do you want to collect? (ie. resources for specific programs, potential spaces for meetings, donations, workshops or facilitators, allies, youth friendly places, services for youth in care, etc).

How are you going to do it and what are the steps involved in making this happen? (ie. are you going to interview local organizations over the phone? Go out in the community and visit or set up meetings with different organizations? Walk around and take photos?)

Who are your designated information seekers?

1 _____ 3 _____
2 _____ 4 _____

Which resources do you need to make it happen? (ie. meeting place, access to a phone, bus tickets, food etc.)

1 _____ 5 _____
2 _____ 6 _____
3 _____ 7 _____
4 _____ 8 _____

What are the key dates and deadlines? When do you want to finish the community asset-mapping process?
