

GIVE A VOICE TO THE STATS ABOUT YOUTH IN CARE!

What happens to information you share about your life AFTER you fill out a survey?

What SHOULD be done with the findings to get the right message out in the right way?

Almost 1,000 youth with experience of government care took part in a youth health survey.

They told us about their health, the challenges they face & the supports in their lives.

We need YOUR suggestions

This will be a space for you to **share your perspective** and **give suggestions** to promote health and well-being among youth in government care.

WHEN: Thursday **March 1, 4:30-7:00**

WHERE: Federation of BC Youth in Care Networks
625 Agnes St., New Westminster (suite 500)

To thank you for your input
you will receive a **\$20 gift card**

2 bus tickets

Snacks!
