

CONFIDENTIALITY POLICY

POLICY OVERVIEW

The confidentiality policy outlines what information is kept private between you and Fed staff members and when information must be shared with others.

KEY INFORMATION

- **Your information is confidential:** Anything you share with us is considered confidential and will not be shared outside our staff team.
- **We support young people as a team:** Because we work as a team, any information you share with one staff member or volunteer may also be shared with the youth support staff team. This means more people with diverse skills will be available to support you.
- **We will only share your information if we believe someone may be in danger:** If we believe that a young person (under 19) is or is likely to be harmed, abused, or cause harm to others, we are obligated to report this information. This obligation is covered in our Duty to Report Policy.
